No matter the current level of your team's experience and expertise, we can facilitate workshops to help you take the next steps in your teams' project management development. From basic project management disciplines to specialised workshops at critical project milestones, we can help you to ensure your project starts, and stays, on the right track.

Topics include:

- Project Management 101 – “What is Project Management?”
- Scope and Change Management
- Design Management
- Cost and Contingency Management
- Choosing the Right Contracts and Procurement Models
- Value Management Principles
- Value Management – Project Specific Workshops
- Smarter ways to Manage Risk
